### **GOLDEN GOOSE DELUXE BRAND CHILDREN'S SHOES – SS2016**

GGDB Children Shoes collection was born with the intention of satisfying the biggest desire of every child: to be dressed like mom and dad.

Also for the spring summer 2016, the sneakers of woman and man collections are the inspiration for children shoes, maintaining the distinguishing features of the brand such as quality, handcraft production and inimitable vintage effect treatments.

The iconic sneakers styles, superstar, francy, slide are available for kids in bright colors and multicolor glitter. The new style of the season is the *Carbon*, stretch cotton slip on in four multicolor food print.

For the first time with ss2016, the proposal is enriched with 4 pajamas, matching with Carbon sneakers, with the same prints. Four warm cotton sweatshirts and pants pajamas for children's nights.
