

N°21

N21 KIDS FALL / WINTER 2020

A super cool and sophisticated style for today's little women and little men

For the Fall/Winter 2020 season N21 continues its partnership with Brave Kid to offer a totally winsome wardrobe that captures the iconic urban elegance of the brand designed by creative director Alessandro Dell'Acqua.

In sync with the "Mini Me" approach that's a trademark of the N21 Kids collection, themes and inspirations have direct links to the brand's Transitional and Pre-Fall lines. All for style-confident kids who want to stay in groovy step with mom and dad.

Bonding super chic look with rebellious spirit, N21 girls add a touch of irreverent sass in playing with fashion. Photographic images portraying the flawless beauties of Swinging London days are printed on jersey miniskirts to sport with little leather/patent leather bombers; the same images make a statement on T-shirts paired with stripe mohair maxi cardigans having a lived-in flair, for an easy style that's a nod to grunge. The rock 'n' roll soul of these chic young fashion sweethearts comes through in the bold zebra prints on shirts, little skirts and warm hooded puffer jackets, as well as in the leopard pattern on an ultra-soft faux fur and on a little fleece dress street-cool style. Irresistibly sweet is the caramel apple motif that alternates between micro print for a soft little dress in combo with maxi silver puffer, and macro print for a fluid minidress complete with super feminine bow. While black patent leather or flocked pants are special pieces to give everyday life a dynamic edge, exclusive sequin-rich designs are very much fun party-girl ones. In a balancing act between ultra-feminine style and strong urban attitude, accessories go from leopard pattern ballerinas to velvet Billy sneaks, all the way to combat boots with smart brand logo or caramel apple print lace overlay.

Biker dudes with hot babes feature in the photos on the front of the N21 boys overdyed sweatshirts and tees. Faded effects serve to put a distinct grunge slant on T-shirts, sweatshirts and jeans, present also in dark indigo tones. The N21 logo enhances bicolor sweatshirts, extra warm puffers in gorgeous bright, and stripe tees in a sailor style that becomes all the sharper thanks to micro color-contrast anchors on soft jacquard sweaters. Completing the look of these slick young heartthrobs are both leather boots with patent leather trim and the brand's signature Billy sneakers.

Also, this winter season marks the debut of an activewear capsule where the standout element is a graphic N21 logo that heightens the impact of maxi band edging on super sporty items and of pocket detailing on color-block anoraks and tees. Backpacks, sneakers and terry socks make the N21 Kids sports activities extra exciting and cool.
