Kids collection 0/14 years; clothes, shoes, accessories

DOUUOD Kids presents the new collection Spring/Summer 2015 opening doors to new fabrics, colors, shapes and patterns.

Fresh and various themes this season: large and soft volumes, impalpable texture, stand out matchings and precious finishes.

Between the main fabrics we find the jersey that is squares printed and made voluminous for coats or trousers. They are clothes that go with our children every day, in games, at school, on important occasion such as in free time.

The new DOUUOD Kids collection is made from fresh cotton lace that transforms simple, daily clothes into something romantic; the lurex organza will shine special evenings or parties; a new type of tulle reinvents dresses and skirts from ceremony.

The fleece always remain one of the key themes of the DOUUOD Kids Spring/Summer collections.

DOUUOD Kids thinks about boys with fresh oxford for jackets and bermudas, stripes t-shirts and checked outfits; for girls colorful caftans, in lightweight poplin, printed batik with trimmings.

A wide variety of pastel colors talks about elegance, refinement and sensitivity: sky blue, mint green, pink, beige and gray.

DOUUOD Kids is comfort and refined fabrics, and inexhaustible research and attention to details.
