

## SUNNY SHINING GOLD 2015

Liz Cornelis & Dirk Goossens feel happy about the sunny clothes they developed for summer 2015.

Both graphic designers, Liz & Dirk, launched their first children's wear collection in 1994. 'Gold' is their Belgian luxury label for babies and kids up to 16 year.

Babies look very adorable in the golden suits:

a Belgian design using Japanese fabrics, soft quality.

Girls are very girlish in skirts, dresses and exclusive silhouets. Love these palmtrees !

The own digital printed fabrics (look at that cactusdress!) and Italian knitwear make it very fashionable.

Boys will be boyish in their overalls, but are seducing as well with the unique shirts (exotic prints in pineapple, birds, sardines), digital printed pulls and bermuda's....

'Gold' for a winner, so let's party ! Music maestro !
