

Sometime Soon – Dream Never Doubt – SS19 collection.

SOMETIME SOON is a premium street fashion brand intended for boys but looks awesome on girls too! By mixing nordic simplicity with classic streetwear silhouettes and details, owners Cathrine and Jacob have created a collection of printed tees, sweatshirts, jackets, pants and accessories that hit just the right balance between comfortable and cool. And as an added bonus the majority of the collection is organic and oekotex certified too!

Inspired by the sandy beaches, colorful murals and awesome people around Venice Beach, Los Angeles, the Sometime Soon spring summer 19 gender fluid collection comes at you with a wide range of patterns and colours, sweeping you away to beachy days with bare feet in the sand.

This season also introduces new heat-sensitive tee's that changes color when warm little hands scrunch up the fabric and amazing raincoats where a pattern will magically appear when those rare drops of summer rain falls on the fabric.

Available from size 2- 14 years at your favorite retailers worldwide or online at www.sometimesoon.com
